PROFESSIONAL SUMMARY

I bring a technology-first foundation with 30 months of software-development experience at Apexon, expanded through product, marketing, AI, strategy and entrepreneurship. I've built digital products, scaled ventures, conducted market research and applied Generative AI to practical business problems. PGDM in E-Business and international product and strategy experience at Universität Bamberg, Germany, I focus on connecting technology, customer needs and business outcomes to build products and drive growth.

SUMMER INTERNSHIP | INTERNATIONAL EXPERIENCE

Product Management & Strategy Intern | Universität Bamberg, Germany May-Aug 2026

- **Shaped** Alumni Portal strategy through stakeholder research, user segmentation, customer journeys, competitive analysis and feature prioritisation across mentoring, networking and career workflows.
- **Applied** AI, automation and digital-transformation thinking to customer-experience, CRM and workflow opportunities, translating research into product recommendations and implementation roadmaps.
- **Analysed** customer experience, market needs and competitive gaps for partner organisations, translating insights into positioning, CRM journeys, communication strategies and actionable growth recommendations.
- **Selected 1 of 6 students from 1110 for the international exchange, Recognised for outstanding internship performance, product strategy, research, initiative and ownership.**

WORK EXPERIENCE

Apexon | Pune(M.H), India
Senior Developer Oct 2021 - April 2024

- **Optimised** customer-facing digital experiences, improving website load speed by **30%** and user engagement by **20%**, connecting technology performance with customer and marketing outcomes.
- **Partnered** with Product and Marketing teams to translate **user feedback, customer needs and campaign requirements into digital-product features**, accelerating project delivery by **15%** and contributing to **95%+ client satisfaction**.
- **Applied** data-driven problem solving and emerging **AI/digital-transformation thinking** to improve product workflows, customer experience and digital engagement while reducing post-deployment issues by **40%**.

ENTREPRENEURIAL EXPERIENCE & PROJECTS

The Socials Web|Lonavala Villas by Tanmay |Batchmates |Nurture+ Mar 2019 – Dec 2024

Founded ventures across **Student Networking, AI-Powered Parenting, Hospitality and Digital Marketing**, combining **Product Strategy, User Research, AI, GTM and Customer Acquisition**. Scaled Lonavala Villas from **45% to 80% occupancy**, drove **3× online leads** and **40% organic traffic growth** at The Socials Web, and built **BatchMates and Nurture+**, validating Nurture+ with **200+ parents, paediatricians and teachers** while leading product ideation, positioning, growth and customer experience.
